

ELAINE UANG ARCHITECT

321 Kipling Street Palo Alto, CA 94301 650.814.9882 elaine.uang@gmail.com

EDUCATION UNIVERSITY OF VIRGINIA Master of Architecture, May 2006

STANFORD UNIVERSITY B.A. Human Biology, *Minor in Computer Science*, June 2000

EXPERIENCE ARCHITARIAN DESIGN *PRINCIPAL* Palo Alto, CA 2013-present www.architariandesign.com

Founded a multidisciplinary design practice to approach design through an anthropological lens. Human scaled design projects ranged from interior design to residential new construction, community gathering spaces to public alleyway experiences. Developed participatory design processes for a campus community design project. Residential collaborations have been featured in Sunset, SF Gate, and Houzz, and campus design work was published in the Palo Alto Weekly.

PALO ALTO FORWARD *CO-FOUNDER* Palo Alto, CA 2014-present www.paloaltoforward.com
Co-founded community group to educate and advocate for better housing and transportation options. Organized 25+ events (ie Missing Middle Housing, Tactical Urbanism, Smarter Parking and Dutch Cycling Embassy) on design and planning concepts/policies to expand community conversation and create significant policy outcomes. Built community list of almost 2000 individuals and successfully championed transportation demand management (TDM) and accessory dwelling unit (ADU) reforms at city council. Featured as a 2014 Changemaker by the Palo Alto Weekly.

FELDMAN ARCHITECTURE *PROJECT MANAGER* San Francisco, CA 2009-2013

Project manager and principal designer for all phases of design, consultant coordination, construction documentation, and contract administration. Projects include ground-up single family residences, major renovations, conversion of historic structure to a mixed use building. Butterfly House was featured on the cover of Dwell Magazine and on home tours for 2013 Monterey Design Conference.

ARCHITECTURE FOR HUMANITY *PROGRAMS MANAGER* San Francisco, CA 2008-2009

Managed architectural competitions for a technology center and sports for social change facilities in underserved communities. Responsible for project schedule, budget, recruitment and coordination of local architects, engineers and staff to build a community technology and media lab in Nairobi, Kenya. Initiated sports center and water collection facility for Mahiga High School near Nyeri, Kenya.

DAVID BAKER + PARTNERS ARCHITECTS *DESIGNER* San Francisco 2006-2007

Designer for multi-family building projects. Assisted with schematic design and design development for several affordable housing projects. Coordinated consultants to produce detailed construction document drawing set for a 99-unit affordable rental project.

UVA OFFICE OF THE ARCHITECT *INTERN* Charlottesville, VA 2005-2006

Initiated bicycle planning efforts on campus. Developed processes to map existing bicycle routes + facilities and researched case studies.

CODY ANDERSON WASNEY *INTERN* Palo Alto, CA 2004-2005

Developed design documents model for warehouse to office conversions. Assisted with product research, drafting, and construction administration of several academic and historic projects. Coordinated presentations for client review and architectural review meetings.
